LYON, 2nd largest city in France

Both one of the main European cities and capital of the Rhône-Alpes region, Lyon is the second largest city in France. It attracts a large number of visitors throughout the year for business and tourism.

Ideally located between the north and the south of Europe, Lyon has always been a major crossroads for exchanges of all kinds. Two thousand years of history have left their mark on the cityscape, from Roman ruins to the most modern architectures. Lyon's heritage highlights different historical eras and reflects the city's permanent evolution.

Why Lyon for a French language program?

- A big city, but on a human scale, safe and clean
- Easy access (TGV, airport)
- A large economically and culturally dynamic city
- The cost of living is 30% cheaper than in Paris or in the south of France
